

16. Next meeting scheduled for Fall 2020 at the CIF- San Diego Section Office, Board Room

DRAFT--Working revision for bylaw 600

Bylaw 600

b. Outside Team - During a San Diego Section athlete's season of sport, he or she may not compete on an outside team in the same sport (Approved January 21, 2003 Board of Managers). For the purpose of this rule, an outside team is defined as a non-CIF team consisting of half or more of the number of players required to start a contest by the respective National Federation rules book. Tackle football is considered to be a sport separate from touch or flag football. Examples of outside team sports that would be in conflict include (but not limited to) 3 on 3-basketball, slow pitch softball. Examples of outside team sports that would not be in conflict would be 2-person volleyball, 5 on 5-indoor soccer, and over-the-line.

As two exceptions to this rule, athletes participating in the individual sports of swimming, diving, and gymnastics may practice during their season of sport, as unattached athletes, with club teams, which are established under the National Governing Board for that sport, so long as the athlete also practices with the school team, and the athlete is entered to compete as an unattached athlete in the CIF-approved competitions at Bylaw 600. (Approved June 3, 2003 Board of Managers)

c. During a San Diego Section athlete's season of sport, he or she may not practice with an outside team or in any group setting in the same sport and may not attend a tryout or "showcase" for any club, organization or outside team in the same sport. *Athletes competing in sports with an individual, state level championship component may participate in group clinics or practices not associated with their school team. (Swimming, Diving, Tennis, Gymnastics, Track & Field, Cross Country)*

In the CIFSDS, practice is defined as organized, systematic exercise to become proficient in a sport with more than one student-athlete. Prohibited activities in the CIFSDS include, but not limited to, skill drills, game situation drills, scrimmages and games, or any other directed or supervised instruction of more than one student-athlete by any individual associated with an outside team, organization or "club". One on One (Instructor and student) lessons are permissible during the season of sport.
