Protests of athletic contests must be in writing and signed by a participating school principal. Such protests must be based upon an alleged violation of a CIFSDS, State CIF, or official sport rule, or an alleged error in rule application. Protests of athletic contests may not be made if based upon judgment decisions.

- A. League/Conference Contests - Except for playoffs, protests of contests within the same conference shall be processed by the league/conference in accordance with its constitution and bylaws. An appeal from a decision by a league/conference is to be in writing and signed by the principal concerned and forwarded to the Commissioner within two school days following receipt of the league/conference written decision. Such an appeal of a league/conference decision must include additional information not considered previously by the league/conference.**

The final decision may be appealed to the State CIF in accordance with its written procedures as outlined in Section 1102 of the State CIF Bylaws. Appeals of an eligibility decision of the Commissioner must be in accordance with State CIF Bylaw 1100.

ALLOCATION OF VOTES; DETERMINING MAJORITY

It is the policy of the CIFSDS that each member of the Board of Managers will have a number of votes based upon the enrollment and the number of schools represented for substantive voting purposes (note: consent items as determined by the CIFSDS Executive Committee are exempt from substantive classification). In accordance with that policy, the allocation of the votes will be adjusted annually. At-Large representatives, selected by the Board of Managers Executive Committee, will be allocated two (2) votes each.

Regulation Article IV.2

a. Annual Voting Adjustment

Votes for substantive matters shall be adjusted annually based upon the enrollment and number of member schools from the previous school year. Board of Manager Representatives will receive one vote for every 2000 students represented and one vote for every two schools represented.

PLAYOFFS: FORMAT, PAIRINGS, EXPENSES, ADMISSION PRICES, FEES

It is the policy of the CIFSDS to conduct playoffs at the end of the regular season of play in those sports that have met the criteria; however, member schools understand that participation in those playoffs is a privilege and not a right and that teams may be excluded in accordance with the CIFSDS Constitution and Bylaws and these Policies and Regulations.

Regulation CIFSDS Bylaws Article VII.1

A. Entry Format

1. League champions (not co-champions or tri-champions) are automatic qualifiers and will be guaranteed placement in the playoffs if requested and all appropriate entry information is submitted timely to the pairings committee for consideration. In case of a tie for first place, the league is to designate its automatic qualifier. League champions will have a first-round home game unless playing another league champion with a higher seed. This accommodation does not apply to playoffs that begin with the quarterfinal round.
2. Independent schools are not eligible for CIFSDS playoff participation. *(Revised June 3, 2008, Board of Managers)*
3. In the sports listed below, each year, at the end of each season, teams will be ranked based on a history of data that is weighted, and will be placed in divisions based on that weighted ranking. Years will be weighted as follows and will be adjusted annually:

|--------------------------------|-----|
| Most recently completed season | 50% |

If a school incurs a gain/loss on enrollment of a minimum of fifteen (15) percent in the current year, the current year CBEDS enrollment figures shall be used instead of the prior year's.

**Alternative rankings, based on historical data may be developed and must be approved by the CIFSDS office. If no acceptable alternative ranking is developed in a particular sport, divisions will be set by enrollment until an approved ranking is developed for that sport.

6. Teams will be placed in divisions based on ranking with the following exceptions:
 - Teams can only move up a maximum of one division each year.
 - Teams can only move down a maximum of one division each year.
 - The Commissioner will place teams that do not have a ranking, in a sport where a ranking is utilized, in a division.
 - The Commissioner, after consultation with staff and CIF leadership, may change a team's division if, based on transfer(s) in or out of the school, those transfers have a significant impact on the team's ability to compete. The Commissioner's placement may be appealed per CIDS DS Bylaw 1103.

All other sports will move to competitive divisions in the 2013-2014 school year, if approved rankings are in place for that sport by the posting date for that season.

(Revised, Board of Managers, January 21, 2013)

B. Playoff Seeding Guidelines and Procedures

1. Team

A. Rankings

The CIFSDS Approved Rankings will be used to seed teams in the CIFSDS playoffs in each division in the following sports:

| <u>Fall</u> | <u>Winter</u> | <u>Spring</u> |
|-------------------|-------------------|------------------|
| Girl's Volleyball | Girl's Soccer | Softball |
| Boy's Water Polo | Boy's Soccer | Boy's Tennis |
| Girl's Tennis | Girl's Water Polo | Boy's Volleyball |
| Field Hockey | Boy's Basketball | Boy's Lacrosse |
| Football | Girl's Basketball | Girl's Lacrosse |
| | Baseball | |

B. Ties in the Power Rankings

When teams are tied in the power rankings, the advisory committee will use the following tiebreakers, in the following order to break the tie:

Note: For sports using max prep rankings the CIFSDS will use the decimal points beyond the public view.

1. Head to Head Competition
2. Common Opponents and W/L records against those opponents
3. Vote of Advisory Committee
4. Seeding Committee Facilitator

Note: Ties will be broken at the beginning of each divisional seeding, prior to reviewing minimum number of contests.

C. Minimum number of Contests

Teams that have not played the number of contests designated by the advisory committee are considered to have an *invalid* power ranking. These teams *may* be moved in the power rankings at the will of the advisory committee to the position that the committee believes is an appropriate placement in the rankings. This may include a team being moved outside of the playoff bracket; if the team is a designated league champion and is moved outside of the bracket, the team will play a play-in game.

Note: Invalid power rankings will be identified immediately after breaking ties, prior to reviewing head to head competition.

D. Head to Head Competition

Advisories (Seeding Committees) will start at the *top* of each division's power rankings and work down through the rankings to ensure accuracy of records and review head to head competition. When there is head to head competition between two consecutively ranked teams, and the team that is ranked lower has beaten the team immediately preceding them, or has beaten that

team in the majority of head to head contests played, the lower ranked team will move up one spot in the rankings and the higher ranked team will move down one spot. The seeding committee will review head to head competition only through one position outside of the bracket, i.e., #13 in a 12-team bracket, #17 in a 16-team bracket, etc.

E. League Champions

When a league champion is ranked outside of the bracket, the league champion will host the lowest ranked team in the bracket in a “play-in” game. If there are multiple league champions ranked outside the bracket, multiple play-in games will be held with the highest ranked league champion playing the lowest ranked team in the bracket.

Example in a 12-team bracket:

14, #17 and #20 are league champions

Play-In Games

#14 v. #12

#17 v. #11

#20 v. #10

If a team ranked within the bracket, scheduled to play a play-in game, is also a league champion, the higher ranked team will host the play-in game.

The winner of the play-in game will travel to the higher seeded team in the next round of the playoffs.

F. 1st Round Matchups

Every effort will be made to avoid teams from the same league playing each other in 1st round games (this does not apply to the Open Division or DV which start in the quarterfinal round). If it is determined by the Commissioner or designee that a 1st round league matchup cannot be avoided because it would significantly impact the integrity of the bracket, the two teams from the same league would play in the 1st round or in a play-in game.

G. Sport Specific Deviations

a. Boy’s and Girl’s Tennis

In the sports of boy’s and girl’s tennis, the power rankings will be used as a *guide* for the Advisory Committee. The tennis advisory committees have the ability to move teams no more than 4 spots up or down in the rankings.

b. Boy’s and Girl’s Water Polo

In the boy’s and girl’s water polo rankings, an additional division has been added (Division 0) that consists of teams from outside of the San Diego Section that are given a higher point value as opponents of San Diego Section teams.

c. Football

In the sport of football, there are no play-in games; league champions ranked outside of the bracket will displace the lowest ranked team within the bracket that is not a league champion and will host the 1st round game unless playing a higher seeded league champion.

Example in a 12-team football bracket:

#14 is a league champion and #12 is not; #14 moves to #12 and #12 is not a participant in the CIFSDS playoffs.

2. Individual

- a. Individuals from schools without teams are also eligible for playoff consideration if they have administrative approval and supervision from their respective schools.
- b. Individuals may be advanced to section playoffs from league final competition.
- c. Criteria for selection of at-large individuals and selection process are the same as for teams.
- d. An athlete must have participated for his/her school of enrollment in more than one-half (1/2) of the CIFSDS permissible maximum individual points of the sport in order to participate in the CIFSDS championship tournament.

C. Team Seeding

- 1. The Commissioner or designee shall seed teams in CIFSDS playoffs with input from the coach’s advisory committee in that sport. Seeding will be conducted in all divisions of all team sport playoffs. There shall be no appeal of the decisions of the Commissioner and/or committee.
- 2. A playoff bulletin will provide details regarding seeding for each team sport.
- 3. Teams must submit on time all information on the forms provided and request participation in the playoffs.
- 4. Participation in the playoffs is a privilege and not a right. Teams can be removed from playoff participation for violations of the State or Section Bylaws no matter when discovered.

D. Pass List For Team Sports

The visiting school will fax a pass list for all rounds to the home school. Pass list limits: football = 25; basketball = 20; and all other identified sports (see playoff bulletins) = 10. (*Approved June 17, 2003, Board of Managers*)

E. Tickets

When the home site school hosts a playoff event, the host school’s tickets will be used. Accountability for ticket use will be reported to the CIFSDS office on the CIFSDS issued recap sheet. CIFSDS tickets will be used when CIFSDS hosts the playoff events. (*Approved*)

June 17, 2003, Board of Managers) Proceeds from ticket sales forwarded to the CIFSDS must be by school- or district-issued check. No personal checks or checks from club organizations will be accepted. Member schools participating in the CIFSDS playoffs must sell admission tickets to all rounds in which they compete and host. If a member school fails to sell admission tickets for the games they host, the school may not declare any expense reimbursement from the CIFSDS and must pay to the CIFSDS the average gross revenue for admission tickets sold the preceding school year for that round in the sport in which they participate in the playoffs. Failure to pay that amount to the CIFSDS will result in the exclusion from playoff participation until such amount with interest at the legal rate is paid to the CIFSDS.

F. Ticket Prices

There are two playoff ticket price ranges: Adult and Student/Senior: Adult is defined as anyone over age 18; Student is defined as anyone age 5 through age 18; Senior is defined as anyone over age 60. Children under age 5 are admitted free of charge. (Approved June 17, 2003, Board of Managers). See Appendix III for Playoff Ticket prices. An additional \$1.00 facility fee may be charged at certain venues.

G. Rebates

Permission must be obtained from the CIFSDS office for pre-game ticket sales. There shall be a rebate of \$1 for each adult ticket sold and \$0.50 for each student/child ticket sold. (Approved June 17, 2003, Board of Managers)

H. Awards

Appropriate trophies shall be awarded by the San Diego Section to team champions and runners-up in all designated team sports. In case of a tie, duplicate awards will be presented. Championship patches and runner-up patches will be awarded to members of CIFSDS championship teams and runner-up teams, respectively, in dual team playoff sports.

SAN DIEGO SECTION COACHES' CODE OF ETHICS

It is the policy of the CIFSDS that high school athletics is an educational experience that allows students the opportunity to learn those lessons of good citizenship that develop character, teamwork, selfless participation and servant leadership in a controlled environment.

It is the policy of the CIFSDS that coaches will teach those values and lead by example.

While a violation of a Code of Ethics by a coach may be construed as a personnel matter for the school and district involved, the CIFSDS is not precluded from an investigation into the program and whether the sport program and/or athletic program should be disciplined. Discipline may include, but is not limited to, warning, probation, exclusion from the playoffs in that sport for a period of time, suspension for the sport program from participation to loss of membership in the CIFSDS.

The conduct of athletic programs, the eligibility of students to participate, and compliance with all the bylaws of the State CIF and the CIFSDS is the responsibility of the school site principal. The CIF and the CIFSDS require the principals to investigate violations, certify eligibility in accordance with the State CIF Bylaws, and report any violations immediately and directly to the CIFSDS. The responsibility of the principal for the athletic programs is a non-delegable responsibility under the State CIF Bylaws.

NO CONTACT PERIOD

It is the policy of the CIFSDS that participation in high school sports is an educational experience and that participation should not interfere with either the orderly operation of the school or become more important than academic achievement, or interfere with a student-athlete's ability to enjoy time away from school or the sport. The CIFSDS no contact policy is not designed to prevent student-athletes from participating voluntarily in events, but is designed to ensure that CIFSDS coaches do not intrude on or consume all of a student-athletes free time.

It is the policy of the CIFSDS that requests for membership shall be approved by the Board of Managers at a regularly scheduled meeting only after the application has been reviewed by all conferences, the Coordinating Council, and the Board of Managers as a first reading and then as an action item. Athletic participation and programs are an extracurricular activity of a school that must benefit not only the participants but all members of the school's student body and focused to improve academic achievement and to teach the values of citizenship as a contributing member in society.

Regulation XVI.1 Procedure for Membership Application in the CIFSDS

XVI.1(A) Application Process. Schools seeking membership in the CIFSDS must first meet with the CIFSDS to discuss membership requirements and expectations; the school's program philosophy; CIF and CIFSDS expectations; and to request a membership application. Application fee must be included with the application in order to be reviewed by the section.

Schools requesting membership in the CIFSDS must then complete a membership application; host a site visit from a designated CIFSDS representative to review facilities; offer one sport for each gender in each season plus one additional sport for each gender; develop and present their plan for expanding the athletic program offerings; participate as a member in the Frontier Conference (unless school is a new school within a school district that competes in conference).

Membership applications must be submitted no later than January 1 for membership during the next school year. School's approved membership will begin July 1. There are no provisions to allow for immediate membership, or for membership that begins during a school year. Applications received after January 1 will be held for consideration beginning at the fall meeting in September with membership to begin the following July 1. There are no exceptions to this process. *(Approved Board of Managers, June 9, 2009)*

XVI.1(B) Probationary Membership Status. Approved membership will be for three (3) years and only on a probationary status. At the conclusion of one year, probationary schools should submit documentation that they are meeting established rules and regulations, requirements, policies and procedures and bylaws of the conferences. They should be able to document their sport offerings as well as their attendance at conference meetings in year one. This may be done via e-mail or the section office may require a meeting to discuss all items mentioned above. During that probationary period, School is required to comply with all rules, regulations, requirements, policies, procedures, and bylaws of the State CIF, CIFSDS, conference, district, and any other governing agency or Education Code provisions.

A failure to comply during the first year of membership will result in a termination of school's membership; a failure to comply during the second or third year of probationary membership may result in the termination of school's membership.

Probationary status may be extended for a period of time determined by the commissioner as a condition to continued membership for those schools who failed to comply with any and all rules, regulations, requirements, policies, procedures, and bylaws of the State CIF, CIFSDS, conference, district, and any other governing agency or Education Code provisions during the probationary period.

Following satisfaction of probationary membership, School will become a member in good standing in the CIFSDS year to year subject to conditions for continuing membership.

XVI.1(C) Conditional Membership Status. After completing probationary status and becoming a member in good standing of the CIFSDS, a school's continuing membership status may become Conditional. Conditional Membership may be imposed by the commissioner for a school's failure to comply with any rules, regulations, requirements, policies, procedures, and bylaws of the State CIF, CIFSDS, conference, district, and any other governing agency or Education Code provisions.

Conditions to membership include, but are not limited to, disqualification from participation in CIFSDS championships for teams or athletic program; reduction of permissible contests for teams or athletic programs; loss of ability to host or participate in tournaments; loss of ability to host CIFSDS events as a home school; or monetary sanctions.

Conditional membership may be for a period of time as determined by the commissioner and may be for the school, the entire athletic program, or a specific program in the athletic program.

Before August 1 each year each public school district or governing board of each private school member must complete and file the "California Interscholastic Federation – San Diego Section Request for Continuing Membership and Agreement to Conditions for Membership" with the CIFSDS Board of Managers. *(Approved Board of Managers, April 2007)*

Failure to request continuing membership will immediately terminate membership in the CIFSDS and the school's ability to compete in interscholastic competition. Filing a request for continuing membership is not a guarantee that membership will be granted.

Membership is subject to review, change, or termination at all times.

XVI.1(E) Appeal of Extended Probation or Conditional Membership. Appeal of a commissioner's decision will be in accordance with CIFSDS Policy 1101.

FINANCIAL PRINCIPLES AND AUDIT POLICY

1. GUIDING PRINCIPLE FOR FINANCIAL OPERATIONS

It is recognized that all funds handled by the CIFSDS, or any of the CIF entities, are monies designed for the enhancement and administration of athletics for the students of the high schools in the San Diego Section.

2. PRINCIPLES GUIDING POLICY DEVELOPMENT AND APPLICATION

The following principles should guide the formulation and administration of financial policies within the CIFSDS. All financial policies and regulations adopted apply to all CIFSDS personnel (staff and elected representatives) unless a specific distinction has been recognized and authorized in writing. An adequately financed program of competitive athletics is essential for California's youth to receive a well-rounded education.

- A. It is the intent of these policies to develop a bright line definition of what is and is not appropriate. Therefore, these policies are written as unambiguously and published as widely as possible. These principles and policies apply to all CIFSDS entities.
- B. Financial information at all levels should be kept on a computer database for easy access, appropriate administration, and accountability to local constituencies as well as the State CIF and auditors.
- C. Staff at all levels should not be in the position of supervising and approving the expenses of elected representatives, and therefore will administratively review and approve for payment these expenses which fall within the framework of pre-approved written guidelines. A detailed report of all expenses approved in this manner shall be prepared quarterly and be available for review by any CIF elected official. The Executive Committee will review and authorize, where appropriate, all actual and necessary expenses of elected or appointed representatives that do not fall within the framework or written guidelines.
- D. All entities collecting and disbursing funds, whether it be school, league, conference, or the Section, are required to have two signatures for all expenditures. Staff/elected officials shall not approve or sign their own pay or reimbursement forms.
- E. A CIFSDS audit committee shall be formed by the CIFSDS Board of Managers. The committee shall consist of three members and include at least one member of the executive committee and two members of the CIFSDS Board of Managers. The Board of Managers shall approve the audit committee on an annual basis.
- F. Yearly audits for the CIFSDS shall be conducted by reputable auditing firms with established expertise in dealing with school district and/or other non-profit organization finances. The audits shall be based upon the principles contained in this document and conclude with a presentation by the auditor to the CIFSDS Audit Committee who will present the audit to the CIFSDS Board of Managers. All relevant documentation shall be distributed to the Audit Committee in sufficient time prior to the meeting to allow familiarization of the data in order to have a meaningful discussion with the auditor during the presentation. The audit shall not be edited or have items altered or deleted by any person and must be presented and retained in its original form from the auditor.
- G. All fiscal accounting at all levels shall use generally accepted accounting principles when handling and disbursing funds.
- H. All funds expended by any CIFSDS entity must be budgeted and authorized. The Commissioner must have prior limited authorization for all expenditures. An example would be some limited authorization for general expenses including lunches, recognitions, travel, etc. These expenses would then be reported to the executive committee at the next meeting.
- I. No alcohol or tobacco shall be purchased or paid for out of any CIFSDS funds. CIFSDS funds may not be used for gifts or personal loans.
- J. All financial practices and information shall be open to review by CIFSDS members or other interested parties. CIFSDS financial records are public information.
- K. The allocation of CIFSDS funds should be as simple and equitable as possible. An annual budget for each fiscal entity should be prepared with the affected parties sufficiently involved so that they are a part of the process. The process should have as its goal maximizing the benefits to our school children.
- L. The CIFSDS should improve the degree to which participation in high school athletics are available to students of all economic and social stations.

3. POLICIES RELATED TO AUDITS

The following are policies related to audits:

- A. A thorough yearly audit shall be required. The audit shall consist of a complete examination and reassessment of present methodologies, procedures, and policies for the administration and control of CIFSDS funds and all financial flows associated with or relevant to the CIFSDS. It shall be the responsibility of the CIFSDS to ensure compliance of leagues within the Section to all State and Section financial policies. The CIFSDS will assume responsibility for the creation and implementation of financial policies, practices, and procedures for each league within that Section. As long as the Section has financial policies in place, which provide for league financial policies, practices, and procedures, and as long as the Section is satisfied that the league financial policies, practices and procedures are consistent with State and Section policy, the Section may waive the requirement for a complete, thorough league audit. However, a Section may require an audit of league financial records at any time.
- B. The CIFSDS shall seek proposals from auditing firms on a cycle of three to five years. Procedure for auditing and the name of the auditing firm used by the CIFSDS shall be forwarded to the State CIF on a yearly basis. Yearly audits shall be forwarded to the State Executive Director upon completion. An audit requiring corrective action shall include an addendum of the proposed corrective actions in the yearly audit report to the State office.

NOTE: The Financial Policies Handbook will be distributed, annually, to the CIFSDS Board of Managers.

4. **LEGAL EXPENSES, LIABILITY INSURANCE COSTS AND SCHOOL ASSESSMENT**

Each year the State CIF office will assess schools, based upon enrollment, an amount equal to the legal expenses and insurance costs for the fiscal year immediately preceding the year of assessment. Legal expenses and insurance costs shall be for all direct and indirect costs of same including, but not limited to, attorney and clerical salaries and fees, office expenses, travel, court fees, insurance policy premiums, training expenses for State and Section staff and officers related to legal or insurance matters.

CONFLICT OF INTEREST POLICY

This Conflict of Interest Policy of the California Interscholastic Federation: (1) defines conflicts of interest; (2) identifies classes of individuals within the Organization covered by this policy; (3) facilitates disclosure of information that may help identify conflicts of interest; and (4) specifies procedures to be followed in managing conflicts of interest.
