

Girls Lacrosse Advisory Post-Season Meeting May 15, 2018

The post -season meeting of the girl's lacrosse advisory members took place at the CIFSDS office located at 3636 Camino Del Rio North, #200, San Diego, CA 92108.

Officials Report:

Discussion took place on the shortage of officials for the season and the cancellation of games on the day of the game or the day before. This created a problem as the season wound down and there was little to no time available to make-up those games. Officials stated they are working on this and hope to have it corrected by next season. They also requested that coaches correctly enter into arbiter league as opposed to non- league games. League games should be the priority in the future.

Coaches concerns to officials

Advisory raised concerns about the number of qualified officials available to officiate their contests. Playoff officials were great also compliments for the officials that worked the finals.

CIFSDS Concerns:

Question about a shot clock in the future. Ms. Marcy Latino, said that should not be taking place in high school in the near future.

Advisory reviewed a proposed change to the master calendar. The proposed change would extend the master calendar one week and the finals would be on the same weekend as the boys.

Discussion took place about the number of contests a team needs to be eligible to participate in the playoffs, which currently is 15. A reminder that if a team does not have 15 games it does not eliminate them from playoff consideration it does however invalidate their ranking and the committee has the right to move them in the rankings or remove them as well.

The sections stand for this year was that teams were forced to lose games due to officials shortage and this year was different so we did not change the rankings of those teams that just fell short.

The section also reminded the advisory and officials that if an official does not show up for their game by mutual agreement those teams may play their contest with an assistant coach from each side officiating the contest. That contest would be a valid game in terms of a win or a loss.

San Dieguito Academy will again be the site for the lacrosse finals on May 18, 2019. All agree it does not have football markings and is a good place to hold our finals
