Grossmont Conference- Present

**Officials Report:**

Discussion took place on the shortage of officials for the season and the cancellation of games on the day of the game or the day before. This created a problem last year as the season wound down and there was too little to no time available to make-up those games. Officials stated they are working on this and hope to have it corrected. They also requested that coaches correctly enter into arbiter league as opposed to non-league games. League games should be the priority in the future.

## **Coaches concerns to officials**

Advisory raised concerns about the number of qualified officials available to officiate their contests especially at the D2 level where when they go to playoffs and see the better officials some calls that have not been made all year are now being made which changes the game for the team.

## **CIFSDS Concerns:**

Reminder that there is a calendar change this year; the change extends the master calendar one week and the finals would be on the same weekend as the boys.

Discussion took place about the number of contests a team needs to be eligible to participate in the playoffs, which currently is 15. A reminder that if a team does not have 15 games it does not eliminate them from playoff consideration. It does, however, invalidate their ranking and the committee has the right to move them in the rankings or remove them as well.

San Dieguito Academy will again be the site for the lacrosse finals on May 18, 2019. All agree it does not have football markings and is a good place to hold our finals.

**THE ADVISORY GROUP WAS REMINDED THAT WE NO LONGER HAVE ACCESS TO LAX POWER AND WE WILL BE USING MAX PREPS THIS YEAR FOR OUR RANKINGS. PLEASE MAKE SURE YOUR COACHES ENTER THEIR SCHEDULES IN HOME CAMPUS AND MAX PREPS. HOME CAMPUS SHOULD INPUT YOUR SCHEDULE INTO MAX PREPS BUT IT DOES NOT WORK IN REVERSE.**
