

Men's Golf
Advisory Meeting
January 20,2016

The meeting of the men's golf advisory took place at the CIFSDS office at 4:00 p.m. Advisory members missing in attendance were from the Grossmont and Imperial Valley. Grossmont conference representative did not receive the e-mail notification of the meeting.

General Information:

Scores need to be reported on the USGA site and the site that Aaron Quesnell built that is available under sports and boys golf on the section web site.

Mr. Quesnell be contacting coaches with their code etc. shortly but must have the correct contact e-mail for the coach of a specific school. Coaches will need to have a google account to work with this system.

Mr. Quesnell went over some specific changes to the site such as match types, dates, and first and last name, please use the "Upper Cap" on the first letter of your player/student athletes as well as grades they are in.

He also added a page with the school codes on them please use the proper 3 digit code when entering in your information. If you have questions or concerns please contact Aaron at Aquesnell@sandi.net or via cell at 619-823-7598

Reminder the USGA will not allow you to post scores before the first day of allowable matches.

Range finders may be used this season but only those used to measure distance may be used. However if one player has one and the rest do not it must be shared with the entire group

CIFSDS Information:

March 4 is the deadline for the submission of all new player(s) to add to your USGA roster. This is all done on line now you do not need to send those to Mr. John Morello as in years past. That information can be found on the CIFSDS web-site under sports and boys golf.

March 24 is the date/deadline that you need to have all scores and schedules updated in the system. Failure to do so will result in a \$100.00 fine and loss of all home playoff contests for the duration of the playoffs.

April 29 is the last day to post scores into both systems, USGA and the CIF, by midnight.

Seeding Meeting is May 5, 2016 at the CIFSDS office at 4:00 p.m.

New this year: League champs will still gain entry but will not bump a team from the brackets.

If a league champion's differential does not place them into the bracket then they will host a play in match with the final seeded team in the bracket. Once the initial play in match is concluded the winning team will advance to play another match but will not host since the league champ hosted the first match. As you review your possible seeding, please make arrangements for that match to be played on the Monday following seeding.
