UNDUE INFLUENCE RULE GUIDELINES

Last updated September 10, 2020

PHILOSOPHY: The CIF, as the governing body of high school athletics, affirms that athletic competition is an important part of the high school experience and that participation in interscholastic athletics is a privilege. The privilege of participation in interscholastic athletics is available to students in public or private schools who meet the democratically established standards of qualification as set forth by the CIF Federated Council. CIF Bylaws governing student eligibility are a necessary prerequisite to participation in interscholastic athletics because they:

- (1) Keep the focus on athletic participation as a privilege not a right;
- (2) Reinforce the principle that students attend school to receive an education first; athletic participation is secondary;
- (3) Protect the opportunities to participate for students who meet the established standards;
- (4) Provide a fundamentally fair and equitable framework in which interscholastic athletic competition can take place;
- (5) Provide uniform standards for all schools to follow in maintaining athletic competition;
- (6) Serve as a deterrent to students who transfer schools for athletic reasons and to individuals who recruit student-athletes;
- (7) Serve as a deterrent to students who transfer schools to avoid disciplinary action;
- (8) Maintain an ethical relationship between high school athletic programs and others who demonstrate an interest in high school athletes;
- (9) Support the Principles of “Pursuing Victory with Honor_{sm}.”
